

An Object Lesson For Your Boy

Every father wants his boy and girl to learn the lesson of habitual saving.

Do you know, fathers, that one of the best ways to teach your children to save regularly is to have a savings account yourselves?

Let that boy of bring your savings deposit to the bank as "regular as clockwork" and he will get the habit himself—he can't help it.

Incidentally, a little nest egg will be good for father, too.
